ORDER

The court has reviewed the record and the governing law. After considering plaintiff's motion to consolidate [D.E. 24], and plaintiff/counter-defendant's partial motion to dismiss the second and third counterclaims [D.E. 20], the motions are DENIED as meritless. Whether the counterclaims will survive a motion for summary judgment is an issue for another day.

SO ORDERED. This 20 day of July 2021.
